- **LEGISLATIVE** – Legislative public hearings are held when the City Council is considering an item that establishes legislation such as an ordinance amending or establishing laws of the city. Interactions by members of the public with the City Council or individual members is permissible on items of a legislative nature.

- **ORDINANCES – SECOND READING.** After introduction of an Ordinance (First Reading), a public hearing date is set and notice of the hearing is published in the newspaper. Staff presents the ordinance and the hearing is opened to the public for comment. After comment from the public, the Mayor will close the hearing to the public and bring the Ordinance back to the City Council for discussion and potential action. The Council will make a motion to approve the Ordinance or take no action. In the event the ordinance is approved, it will become effective 30 days after adoption.

- **QUASI-JUDICIAL** – Quasi-judicial public hearings are held when the City Council is acting in a judicial or judge like manner and a person with a legitimate interest is entitled to an impartial decision made on the basis of information presented and laws in effect. Quasi-judicial hearings are commonly held for land use hearings and liquor license hearings. Since the City Council is acting in a fair and impartial manner, it is NOT permissible for City Council members to have any ex-parte communication (contact between the applicant, members of the public, or among other members of the City Council) outside of the Public Hearings and meetings on the subject application. The City Council must limit its consideration to matters which are placed into evidence and are part of the public record. Quasi-judicial hearings are held in the following manner:

  1) **Staff presentation** (15 minutes max) Staff will present the comments and reports received from review agencies and offer a recommendation.
  2) **Applicant Presentation** (15 minutes max) The petitioner is asked to present the proposal. Presentations should be brief and to the point and cover all of the main points of the project.

People speaking should step up to the microphone and state their name and address. Speakers should be to the point and try not to repeat the points others have made.
  4) **The public hearing is closed to public comments.**
