The purpose of this item is for the City Manager and City Council to discuss the priorities identified in recent community engagement and long-range planning efforts. In addition, the City Council will discuss recent updates presented by staff at previous meetings. The purpose of this discussion is to prioritize future City Council meeting agenda items. A retreat is not a time to make decisions, but to brainstorm, review and identify items to discuss in future City Council meetings. Council members should be prepared to share in 10 minutes or less the top items on their mind resulting from recent community engagement and planning efforts.

Recent updates on engagement efforts include the City of Fruita (with links):

- [Comprehensive Plan: Fruita in Motion](#);
- [Parks, Health, Recreation, Open Space & Trails Master Plan](#);
