In order to provide amicable interpretations and uniform code enforcement. We have chosen the following methodology to provide a collaborative system of input for all adopted codes.

1. Why is this code required?
2. Does this code section specifically apply to local conditions.
3. Do we need Design Professional data evaluation?
4. How do we implement code interpretations?
5. Why would we not enforce this code section?

Respectfully,

John Anderson
Chief Building Official
City of Fruita
